Durant Tool Company

Manufacturers of
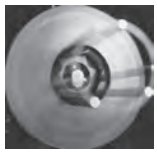
Exhibit Display, Factory Automation &
Packaging Turntables



Good Morning!

Here is your special copy of the completely new, full color DURANT TOOL Turntable Catalog, packed with 12 pages of the latest products and accessories.

Everything is at outstanding prices. For over 75 years Durant manufacturing, engineering and development have helped our customers worldwide find superior items offering the finest quality and best dollar value.

Pedestal Turntables, Cabinet Turntables, Factory/Automation Turntables, Stretch Wrapping Accumulation/ Collecting Turntables, Exhibit and Display Turntables, are manufactured in our modern factory with the highest quality components and specifications at the most competitive prices.

Standard machines are available in weight capacities to 12,000 lbs and 30' diameter turntables. Custom machines to customer specifications are available.

When your exhibit display, automation and packaging operations require turntables, look to Durant Tool Company.

See for yourself. Look through the catalog now and compare. I think you will agree that these are excellent products at prices among the lowest in the industry. I promise you that they will perform trouble-free, over and over for years and years.

Durant products are warrantied for three full years against all material or workmanship failure. (See our warranty on our website for details.) We will replace it or repair it.

So pick out the items you need, telephone, e-mail, fax or mail in your order. We will do the rest. For even faster service, call TOLL FREE 1-800-D-DURANT between 8:00am and 4:30pm EST / DST. Or FAX 401-738-2586, 24 hours a day.

Either way our friendly, knowledgeable customer service representatives are standing by, waiting to process your order – quickly, accurately and completely.

How can you lose? Quality products! Competitive pricing! Reliable delivery! And every Durant item is warrantied! If you are a long time Durant customer you know that is true. If you have not done business with us before, try us now and you will find out that it really is.

I look forward to receiving your order, and I thank you in advance.

Sincerely,
Edward W. Bouclin

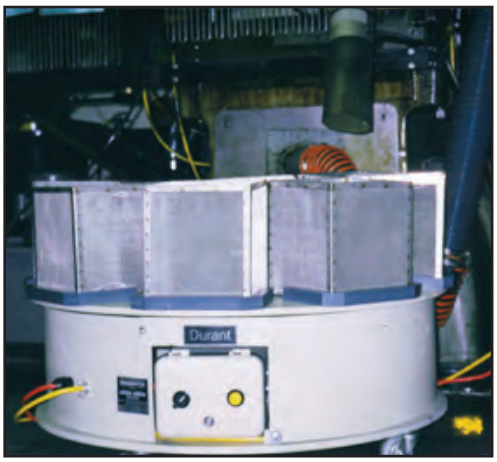
Indexing / Positioning Turntables

Model PC 2036



The Durant Indexing / Positioning Turntables are the ideal machine for collecting small parts as they are produced. Set a count mechanism to indicate the number of parts desired to be collected per container. Once you have produced the set number of parts, the turntable will index automatically to the next position. There are eight positions or container places available on our standard 36" diameter turntable. Larger turntables, up to 92" diameter with more than eight positions are available.

Indexing / Positioning Turntables
